"Endless A Silent Whisper"

The night belongs to us
We're caught in a world of our own
We cling to the hope it would change for us
Is it in vain? Is it too late?
Why did it have to be you than I.
I heard the news today.

Is this the beginning of our last dance?
Once around the floor, can we do it again?
I feel the thrill from words we say,
I love you.

Embrace so much tighter
This could be our last together
Heaven sheds tears for the wounded hearts
Our forever has been torn apart

Our vast religions
Won't help us answer
What was pre-destined for us to have
Since long ago.
It's hopeless

The world it turns with us
Hold me in closer, don't let go of me
Now we close our eyes and let go to the night
The night we feel alive.
