Let the word spread out like fire
Building bridges to unite one blood
Let the youth receive and see
There's more to life than this tragedy

I'm gonna be choosing to survive
Refuse to stand aside
We lift the voice and we get up on us
We unite to ignite (challenge)

I'm breathing in a new beginning
Precious life is in the air
Spread the word and not the hurt
Spread the word and not the hurt

We are the future
We own the future
Let the youth open their minds
The right the right to stay alive

Every minute, humanity i claim
Born every minute is a victim
But we turn away
Open your eyes, open your eyes wide
To the information
And subscribe to stay alive

Open your eyes, open your eyes
Breath the air and stay alive
Spread the word and not the hurt
Spread the word and not the hurt

We own the future
(I refuse to stand aside)
We own the future
(I choose to stay alive)
We own the future
(Refuse to stand aside)
We own the future
(We have the right to stay alive)

We have the right to stay alive

We have the right to stay alive
We have the right to stay alive
The right stay to stay alive
