What's done is done  
and we've crossed the line  
Your indecision is  
taking over everytime

Your pride, my anger  
our situation is  
worse than ever

We're taking this  
too far  
We've had our run  
With your arms wrapped  
tight around my neck  
Close my eyes  
I sink and grasped  
for breath

She's with someone new

All hope is gone and  
Since you'll never gonna change  
I'll erase your taste and  
Let you go, slowly  
Suddenly I'm wasn't enough  
Your lust disguised as love

Your pushing me  
too far  
We've had our run  
With your arms wrapped  
tight around my neck  
Close my eyes  
I sink and grasped  
for breath

All hope is gone and  
Since you'll never gonna change  
I'll erase your taste and  
Let you go, slowly  
Suddenly I'm wasn't enough  
Your lust disguised as love

Shes with someone new  
Shes with someone new

This whole time,  
was just another lie  
My feelings up and down  
You're just a little inconsiderate  
This whole time,  
was just another lie  
Was just another lie!!!

What's done is done  
and we've crossed the line  
Your indecision is  
taking over everytime

Your pride, my anger  
our situation is  
worse than ever

(All is gone)

All hope is gone and  
Since you'll never gonna change  
I'll erase your taste and  
Let you go, slowly  
Suddenly I'm wasn't enough  
Your lust disguised as love

All hope is gone  
(And all hope is)  
All hope is gone  
(And all hope is)  
All hope is gone  
(And all hope is)  
All hope is gone  
(And all hope is)
