How fortunate in endings
Hid behind the guise of a phase
Spent most days just pretending
I used perfected all the moves

Didn't know or expect at all
Things would lead me back to you
All the wasted times before are gone

Let all the pieces fall
Out of the dark
I'm right here now safe in your arms
All the things I've put you through
I apologize, now I see the truth
I crumble and fall
This second chance is more than I deserve

Let all the pieces fall
Out of the dark
I'm right here now safe in your arms

Let them come
This time, I won't falter
Trust in me, cause this time it's for real
Didn't know or expect at all
Things would lead me back to you

Let all the pieces fall

How fortunate in endings
