[Spice Girls - Walk of Life]

I'm steppin' out into the walk of life
Hold tight the vibe is right
Feel the heat that's in the air
People watchin' everywhere

Rush hour slow it down
Stop and listen to the summer sound
Playing in the park and street talkin'
London Town is walkin', walkin' mmm

London Town is walkin'
I said it's really talkin', yeah
Steppin' in the walk of life
I said, makin' out the walk of life
London Town i'm stalkin'
I said i'm really walkin', yeah

The sun is down and the lights come up
So we move on to a club
Surround yourself with the feel-good groove
People dancin' everywhere

Make a move go, turn it up
Rockin' rhythm at the rasta club
Singin' in the dark and heart thumpin'
London Town is pumpin'
I said it was jumpin'

London town is walkin'
I said it's really talkin', yeah
Steppin' in the walk of life
I said, akin' out the walk of life
London Town i'm stalkin'
i said i'm really walkin' yeah

Zing zinga zinga zinga zinga zinga
Zing zinga zinga zinga zinga zinga
Zinga zaaaaahhhhh
Zing zinga zinga zinga zaaaaahhhhh

Zing zaaahhhh ha ahhh

The sun is risin' but we haven't slept
I'm not ready to rest my head yet
Huddle close till you get no air
See the crew down Leicester Square

Pup-crawlers more than you
People watchin' - is it you ?
Jump the bus and sack hoppin'
London Town is still buzzin'
Oh it's really buizzin', yeah

London Town is walkin'
I said it's really talkin', yeah
Steppin' in the walk of life
I said, makin' out the walk of life
London Town i'm stalkin'
I said i'm really walkin', yeah
(Repeat)
