(Hook)

Time is all I need man
Ridin dirty on the freeway
Don't split your money in 3 ways

Keep it one hundred till you meet your grave
Never said it would be easy
Never said it would be easy
Nobody said it would be easy
Never said it would be easy

(Verse 1)

They say that shit you see on TV
Looks can be deceiving
It's all part of the grass
No one said it would be easy
I'm pandaloop and pick me
No weapon form against me
As long as I know that
My confidence goes to the ceiling
I know the Lord is with me
I hear and feel no evil
Everybody none of us
Some of you, of you evil
Some of you, of you couldn't hear
Tell you you can't get up
Tell 'em bet that up hater
Thanks for the liftin
They ain't seen the nights when I was crying praying in
tears
They ain't seen the nights I'm writing in my jail cell
All they see is ice, the cars and the big crib
They ain't seen the ground what I had to do to get to

(Hook)

Time is all I need man
Ridin dirty on the freeway
Don't split your money in 3 ways
Keep it one hundred till you meet your grave
Never said it would be easy
Never said it would be easy

Nobody said it would be easy
Never said it would be easy

(Verse 2)

I departed from the negative
You should play your X
It's great to start from scratch
Let's take notes and don't stress
Never bother things that these rappers be shoveling
Their lies are habitual, similar government
My crew, huh.. we the last real figures left
We keep the long stories short and just release to your
chest
Don't leave your residence, without your knowledge is
the best
'Cause you rather have it with you
Ye these boys out to get you
Hoe make sure the brain cream to the hood
It's only right that you stand for something
So make good
Write for your life if you're scared of a day job
Keep a closed circle, and organized like the mobs

(Hook)

Time is all I need man
Ridin dirty on the freeway
Don't split your money in 3 ways
Keep it one hundred till you meet your grave
Never said it would be easy
Never said it would be easy
Nobody said it would be easy
Never said it would be easy

(Verse 3)

They tell me homie what you making
My ego's never inflated
So patiently I've been waiting
From tapes made in my basement
Bitter has been my face
Rejection you have to face
And this pain I love and taste it
Like dating a dominatrix
He say it but he don't mean it
Deny that he a G
You lie so take defeat
And watch the swallow swallow
Super fly like a phoenix
But easily I get bored
Willin on tour with my family
I turn my back on these, back on these
In my fathers eyes I might've lied

About the ride I got you in
Money , women , club life
The only thing she messing with
Tell you it was easy but Mystic would tell you different
We working to make a difference
And change our family's living

(Hook)

Time is all I need man
Ridin dirty on the freeway
Don't split your money in 3 ways
Keep it one hundred till you meet your grave
Never said it would be easy
Never said it would be easy
Nobody said it would be easy
Never said it would be easy

(Verse 4)

Nobody ever said it would be easy
My daddy told me, son never chase breezies
'Cause all they see is all the ice in the chamber
Never, they never knew about the hustle and pain
'Cause every city I played the women screaming my
name performing
Just for a night I have your girl entertained
It ain't fortune or fame, it's the word from my daddy
You they hated it on him, 'cause he drove a caddy
So Lord I tried, to give it all
Nobody said it would be easy

(Hook)

Time is all I need man
Ridin dirty on the freeway
Don't split your money in 3 ways
Keep it one hundred till you meet your grave
Never said it would be easy
Never said it would be easy
Nobody said it would be easy
Never said it would be easy
