Hey little mama how do you do
I just wanna talk to you
Cuz you got a thang goin on
That's why i'm singing this song
So why don't we stop acting like
We don't want each other
Cuz you know that we do
See I got plans for you
Tell me what you really wanna do
I'm talking bout shopping spreez everyday
You know you got a ride in the CLK
It ain't another woman that could stand in your way
It ain't another woman that could take you place
I'm talking bout shopping spreez everyday
You know you got a ride in the CLK
It ain't another woman that could stand in your way
It ain't another woman that could take your place
Listen
Hey little girl you pretty
Won't you come on give it to me
Cuz you know just what I want
I'd be damned if you don't
See I don't mind if you got friends
It don't matter cuz I got friends too
See we can all get together later
I say the time don't matter girl
We could ride all night long
My friends and your friends
Your friends and my friends
Baby girl it don't matter
Hey lady we could ride all night long
Girl it's on you
I'm talking bout shopping spreez everyday
You know you got a ride in the CLK
It ain't another woman that could stand in your way
It ain't another woman that could take your place
I'm talking bout shopping spreez everyday
You know you got a ride in the CLK
It ain't another woman that could stand in your way
It ain't another woman that could take your place
I'm talking bout shopping spreez everyday
You know you got a ride in the CLK

It ain't another woman that could stand in your way
It ain't another woman that could take your place
I'm talking bout shopping spreez everyday
You know you got a ride in the CLK
It ain't another woamn that could stand in your way
It ain't another woman that could take your place
