Do things that makes her keep a smile on her face
Say the things that make her feel better everyday
And you got to stay on your P's and Q's
If you don't your woman, you could easily lose
Whoa, whoa
I had a love to and lost her
No one could help me share the pain that she cost me
A woman's gotta have it
I believe she's gotta know that she's needed around
When you kiss her
[Chorus]
A woman's gotta have it
Think it over
A woman's gotta have it
Think it over my brother
A woman's gotta have it
She's gotta have it
Don't take for granted of the smile on her face
Check a little but closer you kight find a tear trace
Maybe the girl might never say a mumbling word
But you better make sure that her voice is heard
Whoa whoa I
Had a love, a true love and I lost it
I'm suffering this pain that the love cost me
Whoa- a woman's gotta have it
She's gotta hve it you've gotta give it to her
She's gotta know that she's needed around
When you kiss
[Repeat Chorus]
A woman's gotta have it
