I've been down for a little while now
Sittin' under a big dark cloud
And it's just been hangin' around
Hangin' around over my head
'cause I let the heartbreak in
Then I went and made it my best friend
And it's about time to get, time to get
Up out of this bed

There's a new sunrise
A second chance
So, pull back the shade
And let the sun back in

Cause i'm tired of spendin' my life
Spinnin' my wheels, wastin' time
Oh, I could use a chance
It's a brand new day
There's a blue sky callin' my name
Wakin' me up with a smile on my face
So goodbye yesterday's rain
It's a brand new day

I think i'll drive 'til I find a beach
And feel the sand underneath my feet
'cause there's a world that's been waitin' for me
Waitin' for me
For too long now
There's a brand new tide

That's rollin' in
And it's about time
That I feel good again

(Chorus)

There's a new sunrise
A second chance
So, pull back the shade
And let the sun back in

(Chorus)

It's a brand new day
It's a brand new day
