Why'd you have to love me like that  
Why'd you have to hold me that way  
Why'd you have to make it sound so good  
Every time you'd say I want you so bad  
Ooh, Baby

Why'd you have to love me like that  
Giving me no way to let go  
Reaching so far down into my heart  
You shook my soul, you took all that I had  
Oh, why'd you have to love me like that

Cause i'm afraid it's too late now  
To turn the way I feel around  
That chance has long since passed me by  
You changed my way of thinking  
And had me believing this just might be for life  
Oh yeah, you did

Oh, I'm afraid it's to late now  
To turn the way I feel around  
That chance has long since passed me by  
You changed my way of thinking  
And had me believing this just might be for life  
Yeah, that's what it felt like

Why'd you have to love me like that  
Loving me 'til I couldn't see  
While I was getting in deeper  
You were falling out of love with me  
It makes me so sad oh, I wanna be mad  
Then again, I wouldn't take one single minute back  
Why'd you have to love me  
Oh, why'd you have to love me like that
