[Chorus]

Look we done took over the malls
Going up and down the school halls
We done took over the courts
We drive the biggest cars
We are the biggest stars
We wear the baddest clothes
And we owning all of the stores
Everywhere I go let go I'm a christian

[Verse]

I know you trippin' off of this production
To preach Jesus and promote zion
To claim the death and ressurection
Go get the bible if you think I am lyin'
'Bout to take over the nation
Sinners become a new creation
To spread the gospel is my mission
Taking you to school and pay tuition
(Now here we go)
I got the boldness of a lion
Bite the devil's neck and he go home cryin'
Get it loud in every single station
Representin' every situation
(here we go)
Let's work the preparation
Everybody get in your position
Let me see you walk with a distinction
But beware of all of the distraction
People say that I must be in love
The way I forget what we're speaking of
The way I stand there smiling straight ahead
And walk away without hearing a word they said
In the middle of the football game
At the beach in the pouring rain
Standing on a hillside staring at the sun
People hurry by the unfortunate one
With the faraway eyes and the mystery smile
Moving my body in a ragamuffin style
I can't sit down when I hear it start
Standing in the market where I buy my bread

With a hunger in my belly and a rhythm in my head
Looking all around for something good to eat
Between the butter and the beans and the mops and
the meat
Coffee from the mountain, honey from the bee
Nothing tastes as good as you taste to me
Rocking in the aisle to my inside song
People staring at me think I got a walkman on
But it took a right into another world
I didn't like much when you left me girl
I gotta tell you it's been pretty hard
But every now and then I turn around
It took a while for the wheels to turn
I guess the more you think you know bout this life
The more you find you haven't learned
But every now and then it'll break me down
Long enough to slow my motor and look around
At every stop we made along the way
I walk around the block
To try to get you off my mind
I turn the corner, look who's there
Just like I remember pretty as a picture
And I was just beginning not to care
Standing in the rain I stopped to stare
Sittin' at the table
I sense you behind me
Even though I know you're not really here
Climbin' into bed you slide in beside me
I feel my eyes well up in tears
Oh I can't make your memory disappear
I can learn to live without you
I wouldn't even dream about you
If you'd only set me free
I was wasting time
Oh so sure to find somebody
Who'd never go
How could I know
None I'd found was true
None could be but you
The only one love divine
My heart, my mind are yours
It's funny how you think you really know yourself
Like you would never lose yourself to someone else
And I was up to thinking it was all about you and me
Silly silly me
I should have never listened to a word you said
But I was always giving in to promises
I never should have gone for
I should never long for you no matter how hard it gets
And I want this to be over
I so want this to be through

In the end somehow it always comes back to you
If you had only told me how you really felt
I could have put my feelings into someone else
But I was busy thinkin' I was where I was supposed to
be
Silly silly me
But there was something 'bout you that I couldn't resist
Can't put my finger on it but whatever it is
I never should have stood for it
I know you're no good for me
And that's the way it is
I tell myself
Get over you
It's over right
Right thing to do
And just when I thought I was done
You pull me in for another run
I can't take this
I won't take this
I can't do this
I Won't do it
Even if I know in the end somehow it always comes
back to you
When I start drinking
My dick does all my thinking
Hoes want to be scene with me
And I like their big fake titties
D cups with extra filling
Take it out let me lick it quickly
Calm down it's just a hickie
I'll blame it on this whisky
Sipping gets me tipsy
Drink fast and enjoy your buzz
Take back streets to avoid the fuzz
I wanna take you home but your friends wont let ya

[Hook]

Lets get this party jumpin
Lets see some 40 chuggin
I wanna see your booty rubbin against my dick when I
start buzzin
C'mon girls, I wanna see you drinkin
I wanna see your brain start shrinkin
Make a move I saw you winkin
Drunkin pussys what I'm thinkin
I don't give a fuck if you're drunk or not
Turn it up loud and feel the ambience

[Chorus]

Look we done took over the malls
Going up and down the school halls

We done took over the courts
We drive the biggest cars
We are the biggest stars
We wear the baddest clothes
And we owning all of the stores
Everywhere I go let go I'm a christian

Look we done took over the malls
Going up and down the school halls
We done took over the courts
We drive the biggest cars
We are the biggest stars
We wear the baddest clothes
And we owning all of the stores
Everywhere I go let go I'm a christian
Everywhere I go let go I'm a christian
Everywhere I go let go I'm a christian
