[The Karma Killers]

Thoughts they run away
and not a thing you can do
I'm sure that you don't know
I got some plans for you
Sometimes I'm following
The feeling you have in your gut
I'm really trying hard
to keep my feet on the ground but
In the darkest nights
Reflected I see the moon
Like in a lake at night
The sun is rising too soon
In a future five years from now
I'm one hundred and twenty pounds
And I never get hung over
Because I will be the picture of discipline
Never minding what state I'm in
And I will be someone I admire
And it's funny how I imagined

[Chorus]

And in my mind
In the faraway here and now
I've become in control somehow
And I never lose my wallet
Because I will be the picture of of discipline
Never fucking up anything

[The Script]

And in my mind
When I'm old I am beautiful
Planting tulips and vegetables
Which I will mindfully watch over
Not like me now
I'm so busy with everything
That I don't look at anything
But I'm sure I'll look when I am older
And it's funny how I imagined
That I could be that person now
But that's not what I want

But that's what I wanted
And I'd be giving up somehow
How strange to see
That I don't wanna be the person that I want to be

[Chorus]
And in my mind
In the faraway here and now
I've become in control somehow
And I never lose my wallet
Because I will be the picture of of discipline
Never fucking up anything

[Pre-chorus]
Saying I haven't finished yet
I still have a tattoo to get
That says I'm living in the moment
And it's funny how I imagined
That I could win this, win this fight
But maybe it isn't all that funny

[The Karma Killers]
Make this moment last forever and a day
Watching you drive by
Not letting you drive away
Can you see me trying to wave you down tonight
'Cause I need to see you one more time
You'll always be there in my mind
In my dreams you can hide
And every night I'm gonna bring you back to life
They're in my mind
An angel bathed in light
Telling me everything's gonna be alright...
If I can fall asleep tonight
Lonely is the feeling I can't comprehend
So I'm skipping the last page to see how this will end

[Chorus]
And in my mind
In the faraway here and now
I've become in control somehow
And I never lose my wallet
Because I will be the picture of of discipline
Never fucking up anything

[Pre-chorus]
Saying I haven't finished yet
I still have a tattoo to get
That says I'm living in the moment
And it's funny how I imagined
That I could win this, win this fight

But maybe it isn't all that funny
