[The Karma Killers]

Bright night and we chase the moon searching for
adventure
Hush
Our feet gracing mountain tops skipping cross horizons
Silhouetted against against the stars
I've tried so hard I'm searching through layers and
trying to make out the words
Delicate designs distracting me from what I'm trying to
find
A melody so sweet, from out the the walls it creeps to
my ears
Such a sound I have long awaited to hear
We breathe, making little clouds, smiling through the
dark and cold
As the wind breaks we shatter to the sky
It's bad enough being under control
Same thing every day
Then at night
There's a place we can go
Where nothing can stand in our way
I got a lot
But I wanna have more
Things just haven't been right
I'll show you to my paradise
And let you see the light

[Leona Lewis]

It's now or never
Get out of the way
Last Tuesday night I got up and I saw a bear
But it was all in my imagination
Last Tuesday night was a scary night
Last Tuesday night was a fun night
We went to Wrights
We went ice skating
We went to the funfair
But after that we got so scared of the darkness
Last Tuesday night was a busy scary night

[Droideka]

When the shadows come
Might be no moon at all
You can never tell
When you're under the spell
The night is all that we need
I sure do miss the smell of black coffee in the morning,
the sound of water splashing all over the bathroom,
the kiss that you would give me even though I was
sleeping,
but I kind of like the feel of this extra few feet in my
bed
Telephone's ringing, but I don't answer it
'cause everybody knows that good news always sleeps
till noon
Lunchtime. I start to dial your number
then I remember so I reach for something to smoke
and anyways I'd rather listen to Coltrane
than go through all that shit again
There's something about an afternoon spent doing
nothing
Just listening to records and watching the sun falling
Thinking of things that don't have to add up to
something
and this spell won't be broken
by the sound of keys scraping in the lock

[Leona Lewis]

It's now or never
Get out of the way
Last Tuesday night I got up and I saw a bear
But it was all in my imagination
Last Tuesday night was a scary night
Last Tuesday night was a fun night
We went to Wrights
We went ice skating
We went to the funfair
But after that we got so scared of the darkness
Last Tuesday night was a busy scary night

Funny, I'd never noticed
the sound the streetcars make as they pass my window
Which reminds me that I forgot to close the blind again
Yeah, sure I'll admit there are times when I miss you
Especially like now when I need someone to hold me
but there are some things that can never be forgiven
and I just gotta tell you
that I kinda like this extra few feet in my bed

[Leona Lewis & The Karma Killers]

It's now or never
Get out of the way

Last Tuesday night I got up and I saw a bear
But it was all in my imagination
Last Tuesday night was a scary night
Last Tuesday night was a fun night
We went to Wrights
We went ice skating
We went to the funfair
But after that we got so scared of the darkness
Last Tuesday night was a busy scary night
