[Florence Welch]

For you who you are, not who you should be  
Let me love you  
And I will let you love me too  
Let me love you  
Let me love you

[The Karma Killers]

Try and pretend that you're okay  
But I don't believe the smile you fake  
It's about time that you stopped saving face  
Why are you scared to tell the truth  
What do you think you're gonna lose  
You know we're forgiven, not accused  
Well I've been out here on this highway for a while,  
I think about you girl with every passing mile,  
I tell you I love you and then I turn and I walk away,  
I see your lips, your face, your smile and I beg to stay,  
Whiskey and highway, well they call my name,  
All these small town dirt roads start to look the same,  
I'm headed back, I hate that you're alone,  
Just a few more miles until I make my way back home,  
When those dark night finally move in,  
Let this river lead me back to my only..

[Florence Welch]

Well.....

Now just let me love you, let me hold you,  
Let me touch you, like you need to be touched,

Now just let me love you, let me hold you,  
Let me touch you, like you need to be touched,  
Let your arms be my fire, let them burn all night long,  
Let me love you like you need to be loved

[Coldplay (Chris Martin)]

Baby take me away  
Away from the pain let me  
Feel the rain drops fall all  
Over my face sitting outside

In the middle of no where it's all good  
Just as long as your there make me  
Forget about the probelms at home  
Don't pick it up daddy when they call  
At your phone this is are time and I  
Wanna make it something  
Close my eyes and kiss you right  
I just wanna be happy and be loved by you  
A new start to my life  
Something so brand-new and now  
Got me dedicating love songs  
And now I'm  
Feeling like I haven't felt in so long

[Florence Welch]  
Well.....

Now just let me love you, let me hold you,  
Let me touch you, like you need to be touched,

Now just let me love you, let me hold you,  
Let me touch you, like you need to be touched,  
Let your arms be my fire, let them burn all night long,  
Let me love you like you need to be loved

[The Karma Killers]  
Do you remember you were only my friend  
And now your  
Riding hard with your lady  
Tell the end  
I'm so glad that I found  
Somebody so true  
If there's anything to say  
It's that baby I love you  
When I see them tears fall  
From your pretty eyes  
When I could tell your  
World is torn up inside this is  
When I wanna get close to you  
And show you pretty things  
That you never knew  
Lil mama won't you make a pack with me

[Florence Welch]  
Well.....

Now just let me love you, let me hold you,  
Let me touch you, like you need to be touched,

Now just let me love you, let me hold you,  
Let me touch you, like you need to be touched,

Let your arms be my fire, let them burn all night long,  
Let me love you like you need to be loved
