[Adam E]

Should I drink another drink  
Say another lie  
I know that you may think  
That I'm a broken little bird in my mind  
I'm climbing up the walls  
And everytime I get a grip  
I seem to lose myself just a little more

[Adam M]

Cause I am here and it eats me up  
But I love the way it feels  
I really shouldn't stay  
But I can't give up  
The more it hurts, the more I need  
Should I drink another drink  
Am I running out of time

[Sryan]

In yo face  
In yo face  
In yo face  
In yo face  
In yo face  
In yo face

[Everyone]

You won't be able to go on the train  
You will not be allowed to go on the airplane  
Hey girl, you gotta make an addiction or you'll never be  
happy again  
Cause I will not be able to go on the train  
I will not be allowed to go on the airplane  
Hey girl, you gotta make an addiction or you'll never be  
happy again

What are you trying to say? (Yo, yo, yo, yo)  
I am trying to explain (Yo, yo, yo, yo)  
Cause I'm falling on the floor (Yo, yo, yo, yo)  
I'm climbing up the walls (Yo, yo, yo, yo)  
Hey girl, you gotta make an addiction or you'll never be

happy again

[Evan]

Confusion makes me think  
This solution is beyond my sorry mind  
Boy I know my shit was on another level  
When people would joke around and say I signed with  
the devil  
Cause it's gotta be a sin to be this good

[Sean]

Hating on my music shit I wish you would. (I wish you  
would)  
Yeah I been offered four or five deals  
But it's like Banana Clips boy that's four or five kills  
Doing the most accumulating so much bread  
I think it's time for toast and I ain't talking fine wine

[Peter]

In yo face  
In yo face  
In yo face  
In yo face  
In yo face  
In yo face

You gotta make an ad-d-d-d-d-d-d-diction  
You gotta make an ad-d-d-d-d-d-d-diction  
You gotta make an ad-d-d-d-d-d-d-diction

[Sryan]

I'm talking semi-automatic shit that blow your mind  
Then when I blow like mine the whole world gon' see  
me shine

This is the life that I should live homie  
I'm never going back, I'm addicted to the game  
Y'all can tell by the tracks  
Yeah Yeah Yeah  
I'm addicted to the game, addicted to the pain  
I'm sacrificing matters of the heart just to obtain  
Living the life that most won't attain  
And I know it is essential  
But when it comes to love, man, that shit is  
subsequential  
For now I just be chillin' with ballers
