Ordinary Dublin City d's

[Sryan]

I am gonna go up the wall

Let's fuck all these faggots out of the way

Come on intercom and announce the winners

I was like "fuck you, gobshite"

All these people I see

I autta give them a dig

I'm like here's a tip for your change

They're there like "thanks ugly fat bitch"

I'm like "girl look at that body, no way that's gay"

You may think the world's gonna know your name

It maybe always a good time but soon you'll get a video

ho Lo Green

[Cee Lo Green]

It's the people's champ, I'm something like a baller

The candy paint dripping off of the old school Impala

I'm with that Big Bank Hank, that Poppi Joe and Box

Trunk bump like chicken pox, turn the bass up just a notch

You see them blades choppin', you see that trunk poppin'

Ho's that diss me in the club, the same ho's in the parking lot boppin'

[Evan]

They see me in the Jag, acting bad with T Ferris

Open mouth and showcase ice, and you gon' see about

20 karats

I really want a d, you ugly bastard
I'm what they do, you on 5-9 double O
In the Tahoe on 24's, I'm the truth, I got that glow
I really want a d, you ugly bastard

[Sean]

What it do

I'm on the block posted up like a mailbox
Slanging licks on the grind, putting money in my socks
A legend in the hood for gold grills and poppin' seals
A icon on the mic for showcasing my verbal skills
I'm in the club posted up with some gang bangers
Still flipping the old school candy Cadillac on swangers
I got a Styrofoam white cup full of that drank
Looking for that dank, my hustle game sharp as a
shank
Big bank take little bank, 84's and candy paint
Trying to find some "Honey Love" my macking game is
top rank
These ho's peeping me, ill hustling on the side

[Cee Lo Green]

Attention please, I only need a second
To make a mental impression directly on any record so
Give me space to move, room to prove I'm stupid with
the P's and Q's
Ladies and gentlemen I'm sending you bending
Pretending the pen is a needle, I'm injecting the venom
And I'll be damned if I let another man get to me
I'll bruise you with a shoe to the family jewelry
I'm back with fury, attack quickly

[Peter]

They see me in the Jag, acting bad with T Ferris
Open mouth and showcase ice, and you gon' see about
20 karats
I really want a d, you ugly bastard
I'm what they do, you on 5-9 double O
In the Tahoe on 24's, I'm the truth, I got that glow
I really want a d, you ugly bastard

[Cee Lo Green]

Sick with a BIC pen, all up in your shit man
You never knew the flow was sick as this
Bitch, listen when I'm letting you know
Got a grip on these tracks that you wish you got
Got a clique full of assholes, I kid you not
So when that mixtape's done and that album drops
Ryu and Tak and me got it loaded and locked, believe
it
You still breathing? I'm cocking and squeezing

Tucked still? Nope, I don't give a fuck who sees it
Broad days sitting sideways, stuffed in a small cave
For three fucking weeks 'til you reek like dog waste
Ugh, really, I put a punk in his place
Let's see if he freestyles with a pump in his face

[Peter]

They see me in the Jag, acting bad with T Ferris
Open mouth and showcase ice, and you gon' see about
20 karats
I really want a d, you ugly bastard
I'm what they do, you on 5-9 double O
In the Tahoe on 24's, I'm the truth, I got that glow
I really want a d, you ugly bastard
