[Ne-Yo]

I sit by my window, watch the clouds go by  
Every moment is a one that I'm  
Crying my heart out cause I'm not there with you

[Sryan]

I feel like a fool I've got so much shame  
I know I should just walk away  
But what will I do with all this pain I feel for you  
So many nights I lay in bed  
I stare at the place where you laid your head  
I wonder who's lying with you instead of me  
I can't make you feel it if it isn't there

[Nathan]

No way to convince you if you just don't care  
Look in your heart maybe you could spare a place for  
me  
You made your point  
It's clear to me

[Chorus]

Please don't leave me  
Not this time  
I don't think I can survive it  
I'd have nothing  
Not even my pride  
There's somewhere else you'd rather be  
So please don't leave me  
Not this time  
I don't think I can survive it

[Ne-Yo]

Well, if you go 'way and leave me  
Gee, you gonna hurt me, so  
Yes, I love you, baby  
Gonna tell all the world I do

[Peter]

You can't live like this anymore  
Now you've requested change

And you're waiting on support  
You've stuck your neck out and bit off more than you  
can afford  
So you've been charged on it  
And it's a sentence that I can't whisper anymore

[Adam M]

Love gives the quickest sense that draws  
So you must believe in, believe in, believe in all you are  
You're scared to let go  
Your hands are holding all that you know

[Chorus]

Please don't leave me  
Not this time  
I don't think I can survive it  
I'd have nothing  
Not even my pride  
There's somewhere else you'd rather be  
So please don't leave me  
Not this time  
I don't think I can survive it

[Ne-Yo]

And both of your hands  
You've got a pain that starts in your thumbs  
That follows down your lie lie lie lie lines to everyone  
It's taking sometime and time is running out on this  
wine  
Still you write every line like it's your last one  
Well hope can send a dagger to your heart  
So you must believe in, believe in, believe in all you are

[Chorus]

Please don't leave me  
Not this time  
I don't think I can survive it  
I'd have nothing  
Not even my pride  
There's somewhere else you'd rather be  
So please don't leave me  
Not this time  
I don't think I can survive it

Please don't leave me  
Not this time  
I don't think I can survive it  
I'd have nothing  
Not even my pride  
There's somewhere else you'd rather be  
So please don't leave me

Not this time  
I don't think I can survive it
