Where i stand
the winds have always blown
dust to sand
the way i've always gone

another man
is there when i come home
what i miss isn't this
i didn't want it
i never changed

never could
at least i'll take the lie away
no remains
no one should

where i've been
the dreams that i've been shown
to burn again
to leave it all alone

all these plans
are left with all these bones
and all of this i won't miss
i didn't want it
i never changed

never could
at least i'll take the lie away
no remains
no one should
left with me in effigy

hey
i won't wait
won't see straight
for another year out
shout out in hate
it's a police state
and i want a way out

no you don't want to catch me
now that i've gotten in too deep
i don't want an apology
i want an effigy

here i stand
the rest has all been shown
when it comes to this
another miss
i didn't want it
i never changed

never could
at least i'll take the lie away
no remains
no one should
left with me in effigy

hey
i won't wait
won't see straight
for another year out
shout out in hate
its a police state
and i want a way out

no you don't want to catch me
now that i've gotten in too deep
i don't want an apology
i want an effigy

i want an effigy
i want an effigy
i want an effigy

hey
