[Verse 1]

Guerilla speech spitter, script raps from facts, ack  
the patriot acts intended target barks back  
pardon my hardened views, but listen close dude  
I'm two rhymes away from a hard cold cells view  
from Guantanamo Bay, cause the shit i'm prone to say  
dont sit well while the ink's still, wet on the constitution  
amended, rendered a blatant danger this year  
cause America's pattered on a culture of fear  
I never gave a fuck if George Bush or Kerry won  
I still ain't shit, just a third class American  
thinkin' this the life that my dear God willed  
but I'm livin' in the kingdom that the House of Saud  
built

[Verse 2]

The bullet or the ballot, I guess you chose both poisons  
sendin' our sons to die, on foreign soils since  
they ain't your sons, they're brown like me  
while your son's gettin drunk, gettin a Yale degree  
he's rockin a Che shirt, as daddy hits paydirt  
bankrolling politicians who claim we lack faith  
but your politics informed by a fuckin' tax break  
masked by a patronizing democratic fervor  
to exploit Iraqi people and justify their murder  
truth is, we livin' under theocractic rule  
in God We Trust, the new neo fascist tool  
is money, and you helped put these vultures inside  
let em pump you fear then blame a cultural divide  
what the fuck do I expect when Jerry Falwell's your  
guide  
White Amerikkka's in crisis, and what would Christ say?  
bout the family structure of these brown black faces?  
well lets take a closer look at what divorce rates is-  
twice the national average in your bible belt  
and yall elected Bush to help revive our health?  
26 of 28 states with the lowest income rates swayed in  
his favor  
and he's your fuckin' savior?  
yall stupid as fuck or compelled by Christian guilt  
thinkin' this the life that your dear god willed

but you livin' in the kingdom that the house of Saud  
built
