Every word that came out your mouth
And every thing that you did
Apparently it wasn't good enough
And I realized it was at the end

Pre Chorus: Get what ya got right now
You might not expect what comes ahead
Any little things could effect your life
So love it all and relax
Love it all and relax

Chorus: anything can happen
Any minute or any day
Its definitely not the worst of your life
So just move on
Cause hes dead

Verse 2:
I didn't expect that it would happen
Or even it was possible
But I guess I was hugely incorrect
Cause the trauma occurred just then

Pre Chorus: Get what ya got right now
You might not expect what comes ahead
Any little things could effect your life
So love it all and relax
Love it all and relax

Chorus: anything can happen
Any minute or any day
Its definitely not the worst of your life
So just move on
Cause hes dead

Verse 3-ending-
Hes dead and I cant look back
The suicide crushed in my brains
Why cant I just rewind the time
Cause hes gone and not comin back
Comin back

Bridge: Get what ya got right now
You might not expect what comes ahead
Any little things could effect your life
So love it all and relax
Love it all and relax

Fading Chorus: x2 Chorus: anything can happen
Any minute or any day
Its definitely not the worst of your life
So just move on
Cause hes dead
