It's a crazy life, a hazy life, a mixed up jumbled phasy
life

A crazy life for people who want to smile
I just don't understand, why so hard to say 'Hello'
before 'Goodbye'

It's a coo coo life, a lulu life, a moody magic voodoo
life

A coo coo life for people who want to love
I just don't understand, why so green that it's been
hang-ups day to day
I gotta pack up get away

'Cause it's a crazy life, yes, it's a crazy life, crazy life

It's a stupid life, elusive life, a lonely stuck secluded
life

A stupid life for people who want to fly too high
I just don't understand, why so blue, what to do
I'm gonna kiss my sky, goodbye, I'm gonna jump way
down and die

'Cause it's a crazy life, yes, it's a crazy life, crazy life
