I sit in my sunny chair with my head held low
I know the reason I'm dreaming
It's really been fun but where is there left to go
Save to give my life a new meaning

And if by chance you'd come my way
I'll have to say

Here am I, give me love
Here am I, give me love

How was I to know your heart was unsatisfied
When you never troubled to tell me
No wish that you made to me ever was denied
I played it just the way that it should be

But then you turned and walked away
I had to say

Here am I, give me love
Here am I, give me love

Here am I, give me love

I imagine I must sit here till the winter comes
And just watch the days growing shorter
To gather in dust won't go till my thinking's done
And I walk from this troubled water

By then my need won't be so bad
And I'll gladly say

Here am I, give me love
Here am I, give me love
Love
