I walked you to your doorstep
Believin' we could make a little love
And I let you have my heart
I was as certain as the stars above

Looked here and there, every everywhere
I even searched beyond the dawn
But you were nowhere to be found
And I was going round and round
Lost like I'd never been born

I walked you to your doorstep
Believin' we could make a little love, yeah
And I let you have my heart
I was as certain as the stars above

Time after time I've lost my love for a rhyme
A reason seemed good enough
You always put me down
While you made me run around
I can't take anymore of that stuff

I walked you to your doorstep
Believin' we could make a little love
And I let you have my heart
I was as certain as the stars above

Time after time I've lost my love for a rhyme
And my reason seemed good enough
You always put me down
And you make me run around
I can't take anymore of that stuff

I walked you to your doorstep
Believin' we could make a little love
And I let you have my heart
I was as certain as the stars above

I walked you to your doorstep
Believin' we could make a little love
And I let you have my heart
I was as certain as the stars above, yeah
