(enlightened woman)

She dances on the seven seas
Dances on the ocean
Sunlight on her golden hair
Shapes of pure emotion
Her voice is heard like
Crystal words across the sky
She moves just like an angel
She's the mistress of all time

Her sun pours down like liquid gold
To chase away the sorrows
Her clothes are like a million stars
Made of tears and rainbows
And all the while
Her senses smile into my life
She moves just like an angel
She's a mistress of all time

Just like the restless
To a mission bell
I must run to her
Meet her everywhere
As her music fills the universe
She leaves the dancing visions
Of her image on the water
And precious stones upon the shore
From every distant corner
Like diamonds in the light
They shine beyond the stars
She moves just like an angel
She's the mistress of all time

She dances on the seven seas
Dances on the ocean
Sunlight on her golden hair
Shapes of pure emotion
Her voice is heard like
Crystal words across the sky
She moves me like an angel
She's the mistress of all time

She moves me like an angel
A voice of pure emotion
Her tears are like a rainbow
