I was waiting for somebody
This afternoon
Hope that she remembered
Our rendezvous
And when she didn't show
Just like yesterday
I do the last, I'll find another way

One night I saw the stranger
Across the hall
I knew he was the reason
Why she didn't call
I wish I had imagined
Or dreamt the lot
But the heart didn't choose
The pain I've got

Now she's turning me inside out
Upside down
And my heart is all a roundabout
Spinnin' round

She's turnin' me inside out
Inside out
She's turnin' me inside out
Inside out

Now he's got all so melt
With a diamond ring
And she was thinking through
Almost anything
She's like a shadow going up
Seventh avenue
But so what, she's only going
Where she's didn't to

I just got one thing to say
Just before I go
Since he was the offender
I want her to know
Now my mind has got me the day
I'm watching to

I'll never raise a thought
Of what she'd done
