Would you like to take this magic potion with me
On a trip to a cosmic playground far beyond
She understands, she's been before
It's in her hands to find the door

REF:

Sweet Lorraine let the party carry on
You and I will swim the sea
Sweet Lorraine let the party carry on
You and I can feel the breeze

There is no time, no wealth only I surround you
The fortune of this guide is simply sincerity
She understands 'cause she's been before
It's in her hands to find the door so

Ref. x3

Sweet Lorraine
Sweet Lorraine
(repeat to fade)
