Late at night I'll be knocking
On your door
Late tonight I'll be calling
You can be sure

I'll be waiting
Standin' in the shadows once again
Sneakin', creepin'
Howling like a tom cat once again

Ooh, there'll be nowhere you can hide
When I take you
On the other side of midnight

You know I don't love you
But I love what you can do
Some more of that hot persuasion
This time it's just like you

Ooh, there'll be nowhere you can hide
When I take you
On the other side of midnight
I'll be knockin'
The other side of midnight

I'll be callin'
The other side of midnight
Knock, knockin'
The other side of midnight

I'm gonna take you
I'm gonna make you
At midnight, at midnight

Ooh, late at night I'll be knock, knock, knockin' on your
door
I said late tonight I'll be callin', you can be sure
I'm gonna take you, ooh, it's gonna hurt so good
I'm gonna make you do what a bad girl should

Ooh, there'll be nowhere to hide
When I take you

On the other side of midnight
The other side of midnight

I'll be knockin?
The other side of midnight
I'll be callin?
The other side of midnight
On the other side

I'll be waitin?, I'll be callin?
The other side of midnight
I'll be knock, knock, knockin? at midnight
