So you think you found a way of living  
That prevents you losin' any sleep  
Well my friend, take this that I'm giving  
It's your piece of mind you ought to keep

You'll run into trouble, for sure  
By living behind a locked door

Mmm

Will you run the risk of being taunted  
By doin' what you wanna do?  
Or do you prefer to have your whole life haunted?  
By the one who choose to care for you?

Where are their motives, my friend, mm?  
Take care your still there at the end  
Watch out for winter, it'll bite you with cold  
Black spirits tryin' hard to bribe you with gold

Yeah

Would you steal a nickel from a blind man?  
Well right now, do believe you would  
It's not the thought of you doin' it that hurts me  
It's the mind behind it that's no good

If this is your way, I don't want to know  
There's only so far I can go  
I won't go no further, not for you or anyone  
I have my own ideas of what should be done

Yeah

What should be done?  
What should be done?  
(Ooo, paa)  
(Ooo, paa)  
(Ooo, paa)  
What should be done?

I wanna hear
