Ride along lady
Woman of the night
Looking for a place to go

Dancing on storm clouds
Hiding from the light
Searching for an easy Joe

You just wanna play around
Searching for a higher ground

Walking every side street
Kicking up the leaves
Running from the pouring rain

Standing on the corners
Shaking from the cold
Only got yourself to blame

You just wanna play around
Searching for a higher ground

Someone who can make you happy
Someone who would care
You've broken your life beyond repair

You're reaching for every rainbow
You're wondering why
Don't reach out for love 'cause it's a lie

You've got your number on the wall
Of some deserted station hall
Is this your only claim to fame

Will you just play your waiting game
But you won't stop the things you do, no, no
Some night the evil get to you, you

Someone who can make you happy
Someone who would care
You've broken your life beyond repair

You're reaching for every rainbow
You're wondering why
Don't reach out for love 'cause it's a lie
