"A Mushroom Song"

I want to go to a place,
That you will never see.
Subterranean melodies, delectable tapestries.
A wispy bridge of mushroom love,
Drippy wizardry.
Kaleidoscope of pastel dyes,
Mind-bending miseries.

I heard them fly,
To the sky.
I want them
To sing to me.

Lalalala€!

You want to take me to
A place where I will always be.
Pirate ships and peter pan,
An underwater fantasy.
The puffy cloud,
Higher dreams,
Take me mentally.
Take my mind,
Those little pills,
That make me have my fantasies.

I want them to fly,
To the sky.
I want them
To sing to me

Lalalala€!
