Everybody Bawlin' by U-Roy And Friends

Everybody bawlin'
They are calling out loud
Bawlin' for love
The pleasure of love I tell you

Everybody asking
Asking for what?
Asking for love
Yeah, yeah, give good sound, brother

Huh! Good gosh, sometimes we're shockin'
Get on your stocking and keep on walking
Huh! get your body one time
Live it up, Jack, I feel it is good

Their hands and their hands
Each and every day
Not a penny in their pockets

Suffer little children to come unto I
For they shall inherit the whole world, I tell you
Sing the song one time

Everybody bawlin'
Bawlin' for love
Yeah, yeah, get me brother

Everybody asking
Get on the move I tell you
Asking for love

So I'm callin' on the youths of today

For they are so strong as I play my song
Gonna play it on strong just for someone
Huh! Good gosh

Everybody bawlin'
Look at hear what I tell you

Bawlin' for love
A whole lot of love

Everybody asking
A little more love
Asking for love
Give me brother

Women, we tell you
Huh! shock the guy on the track
Yeah, yeah, stay the way you did and run again I tell
you

This is the time when we must live as one
Love and cherish each and every one
Don't live in chain
Neither live in sin 'coz they're all

Bawlin'
Live it up one time
Bawlin' for love
While some are laughing, I tell you

Everybody asking
Don't tell me it's shocking
Asking for love
Get on your stocking and keep on rocking

Beat it one time
Beat it up on the track
