Push me in the corner, hey don't do that  
Push me in the corner, I don't love that  
Push me in the corner, yeah  
It's alright

Yeah, when I tell say no, say  
No push me in no corner, no way y'all  
No push me in no corner, let me tell you  
No push me in no corner 'coz I'm not no doggone  
boom  
I don't sweep out no boom, yes

You and I supposed to live nice, we nice, nice, nice  
And I supposed to live fine, so fine, so real fine  
You and I should live good, baby, not like puss and dog  
So don't push me in no corner

Why you try to rob the natty?  
Rob him for him quatty  
Hey, why you try to rob the natty?  
Push him in the corner, tell him all kinda things  
And I do love dem, kinda something they, no way

When I'm all alone with no one of my own  
Still everything alright, you know I mean  
They push me in the corner, yeah, it's alright  
It may be alright for you but not alright for me

Hey, don't, don't push me in no corner  
Bring me on the front line  
I wanna see everyone face  
Don't push me to no disgrace

So why can't you and I live good?  
The birds and bees are living real nice  
Why can't I live good with you  
As you live good with I?

Don't push me in no corner, nothing to love that  
Don't push I in no corner, no way y'all  
Take I from the corner and put I on the front line  
And everything will be so doggone fine

You know who steal my purse?  
Steel trash man? Yeah, you know

So why you try to rob the natty  
Of him little penny, he penny?  
Say, why you try to rob the natty  
And push him in a corner?
