You have caught me baby, you have caught me
Or I'm falling in love with you
So there ain't nothing left for you to do
But to love me like I love you

We go to half and the times together
We go to live a life for each other
We go the sun, the jumping cloud and clay
Into the world of our new found love
Tell the world of our new found love

You have caught me baby, you have caught me
For I love no other one but you
We are young in age so let's roll along
The future is here my dear
The future is here my dear

We go to half and the times together
We go to live a life for each other
We go the sun, the jumping cloud and clay
Into the world of our new found love
Tell the world of our new found love

You have caught me baby, you have caught me
For I love no other one but you
We are young in age so let's roll along
The future is here my dear
The future is here my dear
I said the future is here my dear
The future is here my dear
I said the future is here my dear
