Guess I've found a girl
That makes me want to sing my life away
There's so much to say
And more than yesterday
It seems I've got a reason to go on
On and on
You've given me another way
To touch a life, a life that ends with you
You are on my mind
You are on my mind
In love and life I find
That you are on my mind (oh yeah, yeah, yeah)
There may come a time
You say that you really have to go
We never know
But for now the love we share
Is all that matters anyway
Live for today
So open up your smiling eyes
And laugh with me and love along the way
You are on my mind

You are on my mind

In light and life I find

That you are on my mind (oh yeah)

You are on my mind (oh yeah)

You are on my mind
