All this time I spend just writing down  
These thoughts that build in my head  
I try to get away but they keep chasing me down  
They tell me set them free  
So this is how I release  
By giving everything to you  
So you can witness what's in me

Chorus (x2)

All I am is who you see (who you see)  
All I give is what you really need (what you believe)  
I'm just me, I'm just me  
I'm just me, I'm just me  
Yeahhhhhh

I just don't understand why these feeling take control  
over me  
Is it just because I'm weak or is my mind all that they  
need  
Cause when I close my eyes is when they usually try to  
speak  
And when I awake I just grab my pen because that's  
how I spread my wings

Chorus (x2)

Is your eyes wide open, do you feel like you can't keep  
copin  
Do you believe in what you see  
All these words that have been spoken keep some alive  
And always searchin because they believe in what they  
see

Chorus (x4)
