I put my life on my music and everything around me,
streets that I was raised on livin? on so ruggedly, so I
decided way back in the day that I?m gonna? try and
take whatever comes my way you know my workin?
hard to get my pandoos tryin? to make it threw when I
spot some fools it?s been a long time since I?ve got to
sit up straight so best believe I?m snatching off some
place.

Chorus:

Once I put my life on this there?s nothing left but my
guarantee.

Once I put my life
Once I put my life
Once I put my life
Once I put my life
Once I put my life on this there?s nothing left but my
guarantee.

Once I put my life on this there?s nothing left but my
guarantee.

I?ve been in this game for so many years with no fears
because my head is clear I can see you all-ways trying
to hate on what I?m doing but you will never stop when
I?m pursuing.

Man I got heart so fuck having enemies take it to the
stage and I?ll make you just a memory, I put my life on
every word that I say my guarantee is that I?m here to
stay, so watch for me.

Chorus:

Once I put my life on this there?s nothing left but my
guarantee.

Once I put my life
Once I put my life
Once I put my life

Once I put my life
Once I put my life on this there?s nothing left but my
guarantee.

Once I put my life on this there?s nothing left but my
guarantee.

Mix tapes and boot legs, been through it all in fort a
long hall ya?ll follow me ya?ll put yo hands up if ya
down for the struggle ?cause it?s time to pursue this
rubble (uh)

I got one thing on my mind willing to grind, both feet on
the ladder and I?m ready to climb too many mountains
to feed so you gotsta that I put my whole life on what
the fuck I achieve.

Chorus:

Once I put my life on this there?s nothing left but my
guarantee.

Once I put my life
Once I put my life
Once I put my life
Once I put my life
Once I put my life on this there?s nothing left but my
guarantee.

Once I put my life on this there?s nothing left but my
guarantee.
