...uuh...ahh...bababa...

Mikel:

Why wait 'til the time passes by
to say whatever's on your mind
show the ones that you love everyday - yeah

Jay:

oh Give the spirit of love in your heart
right now is a good time to start
don't you wait and don't hesitate
cause tomorrow just might be too late
cause...

Chorus:

Every day is blessing to be alive so give thanks to the
one up above
or the ones who are near
365 days of the year

Chris:

Show the ones that you love that you care
let them know that you'll always be there
through the good and the bad every day, every day

Richie:

Don't wait for Christmas, New Years or birthdays
because everyday's a perfect day
just to say how you feel if it's real
show somebody you care everyday
cause...

Chorus:

Every day is a blessing to be alive
so give thanks to the one up above
or the ones who are near
365 days of the year

C-Part:

Every day (every day)

every day

Every (everyday) day is a blessing (everyday) to be
