Get it up niggas, get it up [x4]

[Hook: x2]

On the road to riches I'm a get it up
My grind is relentless I'm a get it up
My shine is ridiculous I'm a get it up
I'm a get it up, I'm a get it up

[Slick P:]

Fresh out the box like a pair of nike airs it's slick
For the green like sebastian telfair
The shields in this bitch
We seek and destroy
Your boy got a mind like sigman freud see the lawyers
and the haters got me
Paranoid
But I see the finish line so I'm going for it we the streets
choice,
We don't need no awards
You can clip the wings and we still gon soar
U lame as niggas ain't spittin for shit dump truck
niggas you garbage pale
Kids
Got my swisha in my hand and my 5th on tuck
One thing on my mind and that's gettin it up

[Hook]

[Jeezy:]

Got money to the ceiling
Bags full of white
Strapped young gizzle?
You goddamn right
Snitch this week better think twice
Even 3 times cause I bust mine
I'm a get it up I'm a get it in
Homie came through when he cashed out 10
26's now ridin on thangs
Straight to the spot I ran through the change
The 100's and them 50's homie
Ain't shit new the whole task force know me

Keep a sack yea the whole hood on me
It ain't all bad but it ain't all good homie
Me, Slick Pulla, B-Raw Stein (steen) fyi we tote them
things

Parked lambo then I hopped in a rarri hopped out a
rarri then I hopped in a
Bent.

Brought a 100 thousand with me all that spent now I'm
standing round like
Where that went
Now gt stil blowin my dro I'm a get it in make it cost
some more

[Hook]

[Bloodraw:]

Stackin to the ceiling dog
Bird in your backyard
Fuck the safe deposit dog
The fans tryna take it all
Niggas still foldin money
I ain't even holdin money
I been left the trap and them niggas still owe me
money
Still gettin it up I'm tryna get up
But it's hard to leave the streets b4 a nigga fucked up
Money ain't the root of evil it's the love of that
motherfucker
3 the hard way stick together like blood brothers
Family come fore everything one twenty for the pledge
We speak for the real niggas
If I'm lyin them I'm falling dead b4 I be broke receiving
death or them
Cuffs I'm going all out cause I'm tryna get it up

[Hook x2]
