[Young Jeezy:]

And Lord knows I, try, to do the right thing  
With a chrome in the front woulda done the same thing  
Got my strap cocked back, adrenaline rush  
And when the dope fly over mothafuckas got bust  
To lose everything to 'caine  
Turn a hundred to a mil, done it all with 'caine  
Turn a hustle to a label done it all with brains  
And I told em all down, done it all with change  
Look him dead in his eyes told him nigga let's get it  
And the homie in the mirror said, 'nigga I'm with it'  
You want it done right, you gotta do it yourself  
That's what I keep tellin' myself  
(I keep tellin' myself)

[Chorus x2: Bloodraw]

I'm a keep it real til my very last breath  
That's what I keep tellin' myself  
(I keep tellin' myself)  
That's why I stay on my grind cause it's all about the  
wealth  
That's what I keep tellin' myself  
(I keep tellin' myself)

[Bloodraw:]

I'm tryna do it right, I ain't tryna go to jail  
I'm on my knees every night, I ain't tryna go to hell  
Tryna live life, I ain't ready to die  
I got a son who needs me, and I ain't tryna leave

Got a clique then niggas love me, wanna see me win  
Got my family over here, ain't got no friends  
Me and Slick in the streets, we was waitin' for a rap  
Sat down with Young Jizzle, got me out the trap  
Hold my finger to the sky, it's the motto we follow  
See we live for today and we pray for tomorrow  
Cryin' so hard and I hope for the best  
Patience is a virtue, that's what I keep tellin' myself

[Chorus x2]

[Slick Pulla:]

Look past the cameras beyond the glory  
A new legacy (uh-huh), this is our story  
I walk with my head high, chest pokin' out  
Live for the moment, fuck bein' stressed out  
But every corner you turn, the snakes is watchin'  
I drive right by and play the lane like stoppin'  
Chill, this the wrong tree you're barkin' up  
Got my K and my bible, I stay prayed up  
No pity for you, I'm good with him  
So no matter how it is, I'm good with him  
Cause ain't no rules when you playin' for wealth  
That's what you better tell yourself  
(That's what I tell myself)

[Chorus x3]
