US5 - Let it go

Verse 1:(Chris)

I was thinkin' 'bout the things you said
I admit that I was wrong
Maybe if you told me how to make
What I did undone

(Mikel):

Twenty nights apart, that's what we are
And I'm dyin' in my sleep
Happy days, they seem so far away
Can I come back home

Chorus:

You told me you loved me, but now it's all history
I'm bleedin' so badly, I just gotta let it go
I thought that I was your friend, but now you're with
someone else
Let it go, let it go

Verse 2:(Jay)

Now I'm lyin' in my bed at night
With your picture in my hand
Reminisclin' back to when we were
More than just good friends

(Richie):

Does he make you feel the way I did

Does he care the way I cared
Precious love is just so hard to find
Why are you not here?

Chorus:

You told me you loved me, but now it's all history
I'm bleedin' so badly, I just gotta let it go
I thought that I was your friend, but now you're with
someone else
Let it go, let it go

C-Part:

I don't understand why you left me all alone

And I can't sleep at night
My heart's on the floor, don't want this no more
I need you back in my life, baby

Fade:
Da, Da, Da's

Chorus:(2x)
You told me you loved me, but now it's all history
I'm bleedin' so badly, I just gotta let it go
I thought that I was your friend, but now you're with
someone else
Let it go, let it go
