[Verse 1:]

Staring in the flame of a candle light  
Will it burn here still tomorrow?  
Watchin all the people tryin pass me by  
Wanna warn them what's to follow

[Pre-Chorus:]

What's it gonna take for you to believe?  
How many mistakes till ya'll gonna see?  
They've got you good, look all of you dying!  
Only see the poor around me and you  
Only see it through your life can be  
They've got you good, cause all of you crying!

You know damn well they wanna burn you  
And you know damn well you wont survive  
If you're ever gonna hear me  
Somebody anybody  
Come on and end all you're fighting

[Chorus:]

Stop!  
It's such a disgrace  
They're loosing they're face  
They're killin the whole damn human race  
Stop!  
The innocent die  
The children all cry  
Why cant we all be allies?

[Verse 2:]

Looking through the eyes of a small young girl  
Will her tears be dry tomorrow?  
She looks around and wonders why there's so much  
hate  
And she fears of what's to follow

[Pre-Chorus:]

You know damn well they wanna burn you  
And you know damn well you wont survive  
If you're ever gonna hear me  
Somebody anybody

Come on and end all you're fighting

[Chorus:]

Stop!

It's such a disgrace

They're loosing they're face

They're killin the whole damn human race

Stop!

The innocent die

The children all cry

Why cant we all be allies?
