There's a truth inside your mind girl
And then the name of what is right girl
Find the child

Every day, there is a way
For you and me to change the state we're in
You've gotta try, you gotta open up your eyes, our
minds
You will see, love's the key
Living in a world we wanna be
Open up the truth in live (in live)

Refrain:
Everything we know, everything will show
Doesn't have to be the way to go
Live's so turnig real, you gotta keep it real
Listen to the child inside of you

Everything we know, everything will show
Doesn't have to be the way to go
Live's so turnig real, you gotta keep it real
Listen to the child inside of you

So you say, that you pray
That nothing of that really comes around
Don't give up, rainy days will pass on by (on by)

Talk to me, can't you see
Yeah we got to solve a mystery
I realise the truth in lies (in lies)

Refrain:
Everything we know, everything will show
Doesn't have to be the way to go
Live's so turnig real, you gotta keep it real
Listen to the child inside of you

Everything we know, everything will show
Doesn't have to be the way to go
Live's so turnig real, you gotta keep it real
Listen to the child inside of you

Everything we know
There's a truth inside your mind girl
Find the child inside
And then the name of what is right girl
Find the child

There's a truth inside your mind
And it comes from deep inside
Finally the darkness will return to light
And in the name of what is right girl
We withstand the test of time
We will go inside and blow our fears away

Refrain: 4x
