### "Why"

She was chillin' with her best friend  
At the far end, I was working late  
Suddenly I had a feeling, I was dreaming  
When I saw her pretty smile and  
That girl's got everything turnin'  
My world will be never the same and  
I got to make her mine, all I need is just some time

Cause' the feeling's right  
Look into her eyes  
She is more than I'll ever find  
Tell me how to make this story turn to life, to life

Why, did I ever pass her by  
Did she even walk into my life  
Make me lose my mind, my baby  
Why, do we have to say goodbye  
Everytime she leaves it makes me cry  
Why, can't she be mine, my baby

Every night I think about her  
And where we were, when I saw her face  
What I'd give to have her here now  
Gotta somehow show her that I really care, yeah  
My friends been buggin' me lately  
They say I'm a bit of a dreamer  
But I don't mind at all, cause' the writing's on the wall

Baby I don't understand why got me feelin' this way  
Never felt saomething so real in my life  
Baby now I'm praying for you to hear my call  
Girl I can't deny, what I feel inside  
Stay forever
