I like when you whisper softly
Things that I should hear that lead me on
Go home.
I like the way that you're smiling at me
Make me feel like nothing can go wrong
Go home.

Tell me this will last for ever
Don't you ever leave

Chorus:

I don't wanna
Be without you
Dream without you
Walk without you
Talk without you
Babe
I never take a chance without you
Dance without you
Nothing is the same without you
Babe

I could never be without you
Heal without you
Be gee without you
Inner without you
Babe I'm in need
I can't breathe
Yo-I don't wanna be
Without you

I love when your eyes
Wanna show me
What the look only I could tell what's on your mind
Nooooooooo
I love the way that you find me
Whenever I've lost my way you're just in time
Yeah
(now listen)
Baby we've got something starting

Say we'll never stop

Chorus:

I don't wanna
Be without you
Dream without you
Walk without you
Talk without you
Babe
I never take a chance without you
Dance without you
Nothing is the same without you
Babe

I could never be without you
Heal without you
Be gee without you
Inner without you
Babe I'm in need
I can't breathe
Yo-I don't wanna be
Without you

I lock up my heart
And throw away my key
That's what it takes
To keep you loving me
You open a door
To all that's good in me
I can't deny the truth
That I could never be without you

Chorus:

I don't wanna
Be without you
Dream without you
Walk without you
Talk without you
Babe
I never take a chance without you
Dance without you
Nothing is the same without you
Babe

I could never be without you
Heal without you
Be gee without you
Inner without you
Babe I'm in need

I can't breathe
No I don't wanna be

Babe I'm in need
I can't breathe
No I don't wanna be
WITHOUT YOU!
