"Work Your Body"

I thought I told you that we won't stop
I thought I told you that we won't stop
Ah yeah...
Us5...
OGB...
Work work your body
Yeah...
I thought I told you that we won't stop
I thought I told you that we won't stop
What?
I thought I told you that we won't stop
I thought I told you that we won't stop
C'mon
I thought I told you that we won't stop
I thought I told you that we won't stop

[Verse 1]

Let me do what I wanna do
Take you out on a wonderful
Baby girl my feet (my feet)..get weak (get weak)
Can't sleep (Can't sleep)
She's so hypnotic
So critical (oh oh oh oh)
She's so incredible
She's my favorite one
No deny
I can't let her go

[Bridge]

She's the girl from the hottest scene
See her face in the magazine
I can't get her off my mind
I just gotta make her mine (That's right)
Every guy wants to know her name
But to her it's a silly game
She is a crazy my delicious beauty queen (us5)
I can fight the feeling!

[Chorus]

1...Girl gimme your number

2...I could be your man
3...Or we could be together
And then work work your body
4...Girl gimme your number
5...I could be your man
6...Or we could be together
And then work work your body

I thought I told you that we won't stop
I thought I told you that we won't stop
All my girls say
I thought I told you that we won't stop (That's right here
we go)
I thought I told you that we won't stop

[Verse 2]

Mami your so sensational (What?)
Hit you out like a cannibal
Can't eat (can't eat)...Can't sleep (can't sleep)
So deep (so deep)
She's so hypnotic
Irresistable
That girl is so sexual
She's my favorite one
No deny
I can't let her go

[Bridge]

She's the girl from the hottest scene
See her face in the magazine
I can't get her off my mind
I just gotta make her mine
Every guy wants to know her name
But to her it's a silly game (That's right)
She's a crazy my delicious beauty queen (Us5)
I can fight the feeling

[Chorus]

1...Girl gimme your number
2...I could be your man
3...Or we could be together
And then work work your body (WOrk Your body)
4...Girl gimme your number
5...I could be your man (Us5)
6...Or we could be together
And then work work your body

I thought I told you that we won't stop
I thought I told you that we won't stop (Yo, Us5)
All my girls say
I thought I told you that we won't stop

I thought I told you that we won't stop

[Rap]

Let's go
Yes 1 yes 2 yes
Do the damn thing
C'mon break the rocks out
Flash the damn rings (That's right)
Cooler than a milkshake in a storm
Give you a ... baby 'cause I'm.....(ok girl)
I thought I told you my rhymes don't stop (stop)
I thought I told you my game's on lock (lock)
I thought I told you i like you on top
That's what I told you
I thought you knew what I'm about

So shake it shake it mami
Shake it show me what you've got
and keep it real baby
'Cause I'm seeing what your not
your looking for a bad boy
And I'm playing rough
comin' out my b-boy stance
C'mon let's dance (dance dance)

C'mon..
All Right..
C'mon..
That's Right..
