I feel it working now  
I feel it move  
the little fireworks expand  
I feel them all around  
it's like I'm falling out  
out of time  
but our love will keep me down  
your lips are a goddess light  
and I'm feeling fine

and our intentions reveal their lack of essence  
it's like I'm standing too close to what you're painting

the word that shapes the cloud

I feel about done and ready  
for the slow descent  
but you say that if I get there  
I wouldn't even care  
and search for the animal me  
not for a way to retreat  
there is nowhere left to run to  
let me have you in my dream

oh I feel it working now  
I feel it move  
archaic groove  
and I'll run with the animal you  
hunter goddess lead  
there is nowhere left to run to  
we are infinitely free

oh and I gently float through the endless night  
in the ocean of light  
that the city was hiding  
we have fallen of the scene  
but I couldn't mind less  
there is nowhere left to run to  
we are infinitely free

I feel it working now

the little fireworks expand  
I feel them all around  
it's like I'm falling out  
but our love will keep me down  
your lips are a goddess light  
and I'm feeling fine
