and I bow my head politely
I embrace your cautious ways
ever so lightly

and my arm around your waist is
just another smart accessory to blend in

I wanna run but I cannot do it
I don't know if it's the drugs or your body moving
I wanna run but I cannot do it
and you close in for the kill with the pack approving
I can see it in your eyes when we are dancing

wolf girl

and my arm around your waist is
just another smart accessory to blend in

I turn
I wanna run but I cannot do it
I don't know if it's the drugs or your body moving
wolf girl
I wanna run but I cannot do it
and you close in for the kill with the pack approving
I can see it in your eyes when we are dancing

wolf girl

I feel so strange
I'm following your scent
I am yours in every way
and the art no longer safe
