"Youth"

I'm half asleep in the water
the yard is lit by the moon
your lips make waves and I follow
the rhythm spreads in the pool
and all is soft light
and I feel myself drifting off with you

your legs are pushing me closer
you whisper gentle commands
we kiss and everything is silent
I feel your heart in my hand
and all is soft light
and I feel myself drifting off with you

communication
in moon lit elevation

and we slip away
from the every day
to regain ourselves
and be lost in youth again

and I feel myself drifting off with you
