

Oil Midnight "Armistice Day"

Visit "[Armistice Day](#)" on MotoLyrics.com

CHORUS

You're watching people fighting
You're watching people losing on Armistice Day
You're watching people fighting
You're watching people losing on Armistice Day
The watchers do the wincing, reporters so convincing
The t.v. never lies
I went looking for a war and the only guns I saw
Never used in anger

CHORUS

The fixers do the fixing, the locals do the lynching
The papers deny
I went looking for a headline, got talking to the backline
They'd never seen the action
You're watching people fighting
You're watching people losing on Armistice Day
You're watching people fight or say they might
Oh, say they lose on Armistice Day
