I'm head over heels

You know how it feels to be in love

I'm head over heels

Holding back the chills of love

I think I like the sound we're chasing

I'm giving it all and you're reciprocating

I'm head over heels

Turning back the wheels in love

We're stealing the show

You're stealing my money and love

You're all the same, you part-time lovers

When it starts to rain

Your hiding under those covers

It just don't add up

This summer fever

She turns the truth and I don't believe her

Love is dying, stories flying

In the end I can't understand her lying

I'm head over heels in love

I think I like the sound we're chasing
